

Dish bracket

EMBRACE 5

EMBRACE 5 is a bracket designed to mounting small DVB-T, GSM and LTE antennas to flat hard surfaces (walls, etc.). The bracket can also be mounted to the antenna mast or balcony railing - for this purpose, the TRIANGLE* applicator should be purchased.

- Dedicated to small DVB-T, GSM and LTE antennas
- Finish: painted

* TRIANGLE applicator kit allows you to mount Embrace 3 and 5 brackets to vertical masts and balcony railings. The applicator is to be purchased separately (not included).
